292 Chevy Inline Six | Speedway Motors

This 1957-vintage 292 block is the raw material for the performance Y-block engine build. I chose the 292 over the 312 because the 292 has the stronger casting of the two for performance applications. Engineering changes to the main bearing saddle areas of the 312 block resulted in it being weaker than that of its predecessor.

High-Performance Y-Block Engine Build - DIY Ford

Ford FE intake manifolds are unique to this engine family, and instantly recognizable when compared to any other engine's parts. One third of the valve cover extends over the intake casting, and the pushrods run through cast or machined passages in ...
