Unlike most other competing Physical Chemistry text books on the market, our solution manuals are completely free of cost. These contain the solutions to all the problems as worked out by students themselves. This peer learning model is a valuable asset for students. Rather than a CD at the end of a book, or having to go to a publisher's web site, all the multimedia is integrated into the

Chapter 8 Solutions Chemistry Flashcards | Quizlet

The solutions manual is incredibly helpful for studying and I would highly recommend it if you are using this textbook for organic chemistry. This book came in great condition. Kind of annoying that explanations are not provided for in-chapter exercises. That's kind of the whole reason I bought this book.
