Volvo 140b Information Engine

Volvo EC140B. The Volvo B-series excavators were built to maximize comfort, reliability, productivity and serviceability. The excavators had an all-new turbocharged Volvo engine built specifically for use in Volvo excavators and an integrated electronic system for more efficient balance of available engine power and hydraulic output.

Volvo EC140B - Volvo Construction Equipment

The engine in the standard 144 was the same as found in the standard Amazon (121), the 1.8l B18A, but the 144S was given the more powerful B18B from the 123GT and 1800S. Late in the 1967 model year production of the Volvo 142 (2-door sedan) began, in time to build 1500 units for the first year.

Volvo EW140B. The EW140B was a powerful machine, small and manoeuvrable enough to work in tight spaces, robust and powerful enough to handle heavy jobs. Due to the compact design and ease of operation, the machine's effectiveness in narrow streets and on urban sites was unbeatable. The EW140B was perfect for any job - both on and off the road.

Engine Models. At the left hand side of the engine you will be able to find the engine model. The mould-in number 4968 corresponds with the B18 and the 4969 with the B20. Right of it, you will find a flat piece of ground metal containing a hammered in 2-digit number. The mould-in number together with the hammered in number define the model number of the engine.

Volvo Engine Types - Volvo Parts

Volvo Trucks have built a number of engines, beginning in the late 1920s. In the 2010s, they have also begun using engines developed by Germany's Deutz AG. They were one of the first companies to use turbodiesel engines in commercially successful trucks. The Volvo B36 is a four-stroke, cast-iron 90 degree petrol V8 introduced in 1952.

Volvo DD110B, 120B, 140B Double Drum Compactors May 1, 2013 The DD110B, DD120B and DD140B double-drum compactors have eight dual amplitude settings for adjusting drum forces when material depth changes, then automatically match that setting with an ideal frequency, Volvo says. Units have Volvo D4 engines that meet Tier 4-Interim standards.
