our books in the same way as this one. Merely said, the what every man thinks about apart from sex blank inside is universally compatible subsequent to any devices to read.

You can search for a specific title or browse by genre (books in the same genre are gathered together in bookshelves). It's a shame that fiction and non-fiction aren't separated, and you have to open a bookshelf before you can sort books by country, but those are fairly minor quibbles.
